

FREE SEMINAR BENEFITTING HCCA MEMBERS

Employment Options for TPS Immigrants

Location: HCCA – 9251 Industrial Court #201 Manassas, VA 20109

Date: September 18, 2018 Time: 11:00 AM -1:00PM

Please join us for a Lunch and Learn regarding employment options for those affected by the TPS revocation, featuring Anna Gallagher, Senior Attorney of Maggio, Kattar, Nahajzer + Alexander, PC. This seminar will be molded for employers as the topics to be discussed will include:

- Brief overview of how the immigration system works – the players and their roles
- Current state of immigration enforcement against noncitizens and employers
- Types of immigration status (temporary and permanent) and update on expiration of Temporary Protected Status (TPS)
- Options to remain in the United States after TPS expires

Anna Marie Gallagher is a Shareholder at Maggio, Kattar, Nahajzer + Alexander, PC, located Washington, D.C. and head of the Litigation Practice. Anna has practiced in the field of immigration and refugee law for more than three decades, working in the United States, Central America and Europe. Her experience includes private practice, advocacy in the nonprofit sector and several years in academia. She represents individuals of all nationalities before the Department of Homeland Security (DHS) and the Immigration Courts seeking to obtain temporary and permanent status in the United States based on family and employment relationships. Anna also advises employers on their obligations as relates to immigration compliance in hiring noncitizens for employment and assists them in responding to Notices of Inspection issued by Immigration and Customs Enforcement (ICE). Anna is also expert in matters relating to deportation defense and due process rights of immigrants who face deportation. In addition to her years of practice, advocacy and teaching, she has authored articles and books on U.S. immigration and nationality issues and regularly speaks at conferences on these issues.

Please RSVP to events@hcca.net by September 14.
