

Safety & Infrastructure Award Winners

Safety Awards:

One of the objectives of the HCCA Safety Committee is to recognize the safe practices of HCCA member firms. In January of each year, companies apply by submitting their OSHA 300 and MSHA logs. Award categories are broken down into type of work and man hours worked in a calendar year and safe driving is recognized in the trucking category. Extremely safe individuals are nominated by their colleagues and are also eligible to win awards for safe practices. The winner for year 2018 by category are as follows:

Category A: Structural Concrete & Steel, Highway Construction

FAM Construction

Branch Civil

Category B: Excavation, Utility Pipe Work, Clearing & Grading

Superior Paving

Safe Leadership
Rhen Brooks
Allan Myers

Infrastructure Awards:

The HCCA Infrastructure Awards committee seeks to honor firms and projects that meet the highest standards for excellence in construction. In order for the committee to understand the scope, technical challenges, and any unusual circumstances of a completed project, a company applies by filling out a short application and submitting photos, narratives, letters from owners, and more.
