Heavy Construction Contractors Association Leadership Roundtable

ABOUT THE PANEL

Babur R. Mian is the President and CEO of Terra Site Constructors, LLC. Terra Site Constructors, LLC is a specialty federal and infrastructure construction firm, headquartered in Virginia, with operations in Virginia, Maryland, North Carolina, South Carolina and District of Columbia.

Mr. Mian is an accomplished, result oriented, entrepreneurial professional with more than 30 years of varied and qualitative experience in engineering, construction, and business management, emphasizing the design, promotion and implementation of corporate strategies which have accelerated corporate success. Mr. Mian applies a proactive management style that focuses on aggressive business growth and retention. He possesses strong organizational development and restructuring skills and is able to identify strategic opportunities and to align the organization accordingly.

An engineer by training, Mr. Mian is a graduate with honors from Virginia Polytechnic Institute and State University. He also holds an advanced engineering degree from Virginia Tech and has completed advanced management courses from Wharton and Harvard Business School. Mr. Mian is a registered professional engineer in multiple states and active member of various organizations.

Greg Andricos President & COO of Wagman Heavy Civil, Inc., has over 25 years of diverse experience as an engineer, estimator, and constructor. He presently oversees the civil, material, and geotechnical operations for Wagman, a fourth-generation family owned general contractor. Last year, Greg's teams performed work in 11 states as well as the District of Columbia in a variety of roles including: design builder, general contractor, subcontractor, and material producer.

Greg is passionate about finding innovative ways to deliver complex civil projects while employing best practices with regards to safety. In the role of Design Build Project Manager, he has successfully delivered over \$230 million of fast-track projects in the Greater Washington DC Metropolitan Region on time, within budget, and with zero claims for clients including; FHWA, VDOT, and DDOT. To promote industry collaboration, he presently serves on the Board of Directors for both the Association of Pennsylvania Constructors and the Maryland Transportation Builders and Materials Association, recently serving as Chairman for the later.

Greg is a registered Professional Engineer and an alumnus of the Virginia Military Institute holding a Bachelor of Science in Civil and Environmental Engineering. He resides in York, Pennsylvania with his wife Rachel and their five children where they enjoy the outdoors and youth athletics.

Craig Kahoun has served in a leadership role with Carter Machinery for last 6 years and is currently the Executive Vice President since January 2018. In this role he has responsibility for Machine Prime Product Sales, Machine Product Support Sales, Rental Businesses, and Sitech - Construction Technology

For 10 years prior to Carter, Kahoun worked for Zonar, a heavy duty telematics OEM. His last post was Vice President of Public Markets for Zonar, reporting to the office of CEO. His primary responsibility focused on developing and managing sales coverage and processes to drive SAAS revenue as well as identifying and executing strategic relationships and partnerships.

Craig and his wife Jenny, daughters Gracie 18, Ruby 12, and son Bodie 16, live in Roanoke, Virginia spending most of their time in youth sports and the outdoors.
